ALIENATION - Land and Revenue - (South Kanara) - Udipi Taluk - Kotathattu village - S.No. 197/6B - In favour of Kota Vidya Sangha, Kota - for School purposes - Recommended.

.....

Station: Madras. Ref.E.5553/51-1 d/ 30.7.51.

From

Sri N.C. Thomas, B.A., Joint Secretary, Board of Revenue.

Sri W.R.S. Sattianathan, I.C.S., Commissioner of Land Revenue.

...

READ: Collector of South Kanara Ref.C.No.B.36198/51 dated 10.7.51.

...

REFERENCE:

At the instance of the Collector of South Kanara the Board recommends the alienation of the plot of land comprised in S.No. 197/6B of Kotathattu village, Udipi taluk measuring acres 2.05 in favour of the Kota Vidya Sangha, Kota village for use as the site of a school building, garden and well.

2. The alienation will be free of charge for the occupancy right and free of assessment but subject to the following conditions:

(1) The land shall be used as the site of a school building, garden and well and for no other purpose.

(P.T.O.)

(2) The purpose of alienation shall be carried out within a period of one year from the date of the grant.

(3) No other building shall be constructed on the land set apart from the school and no building shall be constructed on the land set apart for garden and well without the previous permission of the Collector of the district.

(4) The market value of the land shall be collected if at any time it is found that the grantee derives a substantial income from the land. The decision of the Collector whether a net income is derived from the land or not shall be final.

(5) The Government may resume the land wholly or in part with any buildings thereon if the school is not recognised, if the recognition once granted is subsequently withdrawn.

(6) The amount of any grant made by the Government towards the cost of the building shall be deducted from the compensation payable to the grantee in the event of the resumption of the land..

(7) The school shall be open to members of all communities.

(8) The grantee shall maintain the school building in good condition. Such repairs as the Collector may consider necessary from time to time shall be executed by the grantee within such time as the Collector may fix and to his satisfaction. In the event of default, the repairs shall be carried out by the Collector and cost thereof recovered from the grantee.

(9) The area where the well exists should be kept on good sanitary condition.

(Continued)

(10) The Government may resume the land wholly or in part with any buildings thereon, in the event of the infringement of any of the conditions of the grant. In the event of such resumption no compensation shall be payable for any improvements that may have been effected, or other works that may have been executed on the land by the grantee and the grantee shall not be entitled to the repayment of any amount that may have been paid to the Government for the grant. If there are buildings on the land, the Government may direct the grantee to remove them and if the grantee refused to remove them when so directed the Government or any officer empowered by them in this behalf shall have power to remove the buildings and realise the cost of such removal by the sale of the materials.

(11) The Government may resume the land wholly or in part with any buildings thereon if in the opinion of the Government the land is required for public purposes or for conducting mining operations. In the event of such resumption, or in the event of the acquisition of the land for any reasons, the compensation payavle for the land and trees shall in no case exceed the amount paid for them by the grantee or their value at the time of resumption or acquisition whichever may be less, and the compensation payable for buildings or other improvements shall in no case exceed the amount paid for them by the grantee at the time of alienation or their value at the time of resumption or acquisition, whichever may be less together with the intiial cost or the value at the time of resumption or acquisition, whichever may be less of any buildings erected or other improvements effected on the land by the grantee in accordance with the terms of the grant. The amount of any grant made by the Government towards the cost of the buildings or other improvements shall be deducted from the compensation payable under this condition. But in no circumstances shall any compensation be paid by the Government in respect of buildings constructed in contravention of condition(3)

(12) In the event of the voluntary relinquishment of the land by the grantee, no compensation shall be payable for any improvements that may have been effected or for works that may have been effected or for works that may have been executed on the land by the grantee but the grantee shall be entitled to the repayment of any amount that may have been paid to the Government for the grant, or the value of the land at the time of relinquishment, whichever may be less.

(13) Full land revenue shall be levied if any at any time any net income is derived from the land or if any of the conditions of the alienation are infringed. In the latter case, the land revenue shall be levied from the date of the infringement. The decision of the Collector on the question whether a net income is derived from the land or not shall be final.

(14) The Government reserve to themselves the right to all sandal-wood trees and their branches and roots which exist at the time of alienation as well as those which may grow subsequently on the land and the Government shall be at liberty to cut or dig out any such trees or their roots and branches and remove them from the land and dispose of them at their pleasure. The alience shall not be entitled to cut or remove them or cause them to be cut or removed without thepermissinn of the Collector of the District.

(15) The alience shall take all reasonable measures to the satisfaction of the Collector of the district for the protection of the sandal-wood trees from theft or damage and for the careful protection of the immature trees growing on the land.

(16) The alience shall take the steps to see that the marks made by the officers of the Government on the sandalwood trees are preserved and are not tampered with; and

(17) In the event of the infringement of, or failure to observe any of the conditions (14) to (16) the alienee shall pay to the Government such compensation as is determined by the Collector of the district for any loss or damage caused by such infringement or failure on his part. The Government shall also be at liberty to resume the land and re-enter on it and the whole land shall thereupon vest absolutely in the Government. In that case the alienee shall not be entitled to any compensation whatever.

for JOINT SECRETARY.

Ref.C.Pc.B3-6198/51

South Kanara Collector's Office,
Mangalore, Dated 10-7-1951.

From

Sri. A. R. Rajaratnam, B.A.,
Collector of South Kanara.

To

The Secretary, Board of Revenue,
Land Revenue, Chepauk, Madras 5
(In duplicate)

Sir,

ALIENATION - Land and Revenue -(South Kanara District) Udipi Taluk - Kotathattu village - S.No.197/6B measuring 2.05 acres - For School purposes - in favour of Kota Vidya Sangha - Proposals

---

I submit herewith proposals for the alienation of S.No. 197/6B of Kotathattu village Udipi Taluk (South Kanara District) measuring 2.05 acres for the purpose of school building, garden and well in favour of the Kota Vidya Sangha Kota.

2. S.No.197/6B is a portion of S.No.197/6 which stands registered as Poromboke grazing ground in the Revenue Records. It adjoins the patta land in S.No.198/2 (Portion marked as "A" in the sketch, measuring 2.22 acres gifted for the use of the High School and intended to be used as playground for the High School. This gifted land by itself is not sufficient to meet the requirements of the School such as school buildings playground garden etc. Hence the Kota Vidya Sangha who runs the school applies for the alienation of S.No.197/6B. The land applied for being a Poromboke grazing ground, the adjoining wargdars have been examined and they have no objection to the alienation of the plot for school purposes. The villagers will not be put to any inconvenience if the plot is disreserved, as the plot is sandy and reported to be unsuitable as a pasture ground. It is also stated that there are sufficient Government and Patta waste lands available in this village for the needs of the cattle. Hence I recommend the disreservation of the plot. A notice inviting objections was published in the village and no objections were received in response thereto. The educational authorities have recommended the alienation.

3. The Kota Vidya Sangha is a registered body managing the affairs of this newly started "Veveka High School". The Sangha applies for the alienation on behalf of the High School There is no objection to alienate the plot in favour of the Sangha for school purposes. The High School authorities have already entered upon the land, in good faith, in anticipation of orders and have commenced the construction of the building.

4. On the southern side of S.No.197/6B, there were some petty encroachments(marked green in the eyesketch) which have been voluntarily removed by the respective encroachers. As there is necessity for a foot path all along the western and nothern sides it has been separately subdivided as S.No.197/6A.

5. The land is valued at Rs.1000/- per acre and the total market value of the land proposed for alienation comes to Rs.2050-0-0 as shown below:-

Annual letting value of similar lands in the vicinity per acre	Rs.42-0-0
Deduct assessment per acre	1-0-0
Net	Rs. 41-0-0
Capitalised value at 25 times per acre	Rs.1025-0-0 or Rs.1000-0-0 in round sum
Total market value of 2.05 acres of land in S.No. 197/6B	Rs.2050-0-0

P.T.O.

-2-

The total land revenue to be foregone in this case is Rs.51-9-0 as shown below:-

Land Revenue for 2.05 acres	Rs.2-1-0
Land Revenue per acre	Rs.1-0-0
Capitalised at 25 times	Rs.51-9-0

The land is devoid of any tree growth or other improvements.

6. The land is required for a public purpose for the construction of school buildings, well and garden. The Sangham will not derive any income therefrom. As the purpose is unremunerative, the collection of site value is not recommended.

7. The conditions of alienation have been notified and the Sangham is prepared to abide by those conditions. The S.D. fees and stone value due from the Sangham is being collected.

8. I recommend that the S.No.197/6B of Kotathattu village, Udipi Taluk, measuring 2.05 acres may be alienated in favour of the Kota Vidya Sangha, Kota, free of assessment and free of occupancy charges and subject to the conditions already notified.

9. Applications for the alienation of Land and Land Revenue, eyesketches in duplicate, extract from the Land Register in duplicate, subdivision records, and copy of the conditions of alienation notified are enclosed.

Yours faithfully,

For Collector.

Sir,

ALIENATION: Land and revenue--(South Kanara)--Udipi taluk--Kotathattu village--S.No.197/6B--in favour of Kota Vidya Sangha, Kota--for school purposes--proposals.

**

Ref: Government Memo No.54839 E/51-1 dated 24.8.51.

..

There are no lands reserved for grazing purposes in Kotathattu village in Udipi taluk except S.No.197/6 measuring 2.30 acres a portion of which has now been proposed for disreservation and alienation in favour of the Kota Vidya Sangha Kota for school purposes. The total heads of cattle in the village is 1254.-

As already reported by me in my reference dated 10.7.51 it is stated that there are sufficient Government and Patta waste lands available in the village for the needs of the cattle even though no lands are reserved exclusively as grazing ground. It is also reported that S.No.196/6 is sandy and unsuitable as a pasture ground.

Yours faithfully,

For Collector.

Go Rt. No. 2888 dated 3-11-51

The government sanction the alienation of the plot of land comprised in S.No 197/6B of Kotathattu village, Udipi taluk, South Kanara district measuring AC. 2.05 in favour of the Kota Vidya Samsha, Kota village, for use as the site of a school building, garden and well.

2/. The alienation will be free of charge for the occupancy right and free of assessment but subject to the following conditions:

(1) The land shall be used as the site of a School building, garden and well and for no other purpose.

(2). The purpose of alienation shall be carried out within a period of one year from the date of the grant.

(3) No other building shall be constructed on the ~~the~~ land set apart ~~for~~ for school and no building shall be constructed on the land set apart for garden and well without the previous permission of the Collector of the district.

(4) The market value of the land shall be collected if at any time it is found that the grantee derives a substantial income from the land. The decision of the Collector whether a new income is derived from the land or not shall be final.

(5) The Government may resume the land wholly or in part with any buildings thereon if the school is not recognised ~~or~~ if the recognition once granted is subsequently withdrawn.

(6) The amount of any grant made by the government towards the cost of the building shall be deducted from the compensation payable to the

V-/

costs of granter in the event of the resumption of the land.

(7) The school shall be open to members of all communities.

(8) The granter shall maintain the school building in good condition. Such repairs as the Collector may consider necessary from time to time shall be executed by the granter within such time as the Collector may fix and to his satisfaction. In the event of default, the repairs shall be carried out by the Collector and cost thereof recovered from the granter.

(9) The area where the well exists should be kept in good Sanitary conditions.

(10) The Government may resume the land, wholly or in part, with any buildings thereon, in the event of the infringement of any of the conditions of the grant. In the event of such resumption no compensation shall be payable for any improvements that may have been effected or other works that may have been executed on the land by the grantee and the grantee shall not be entitled to the repayment of any amount that may have been paid to the Government for the grant. If there are buildings on the land the Government may direct the grantee to remove them and if the grantee refuses to remove them when so directed the Government or any officer empowered by them in this behalf shall have power to remove the buildings and realise the cost of such removal by the sale of the materials.

(11) The Government may resume the land, wholly or in part with any buildings thereon, if in the opinion of the Government the land is required for public purposes or for conducting mining operations. In the event of such resumption or in the event of the acquisition of the land for any reason, the compensation payable for the land and trees shall in no case exceed the amount paid for them by the grantee or their value at the time of resumption or acquisition whichever may be less and the compensation payable for buildings or other improvements shall in no case exceed the amount paid for them by the grantee at the time of alienation or their value at the time of resumption or acquisition, whichever may be less, together with the initial cost or the value at the time of*

*resumption or acquisition, whichever may be less, of any buildings erected or other improvements effected on the land by the grantee in accordance with the terms of the grant. The amount of any grant made by the Government towards the cost of the buildings or other improvements shall be deducted from the compensation payable under this condition. But in no circumstances shall any compensation be paid by the Government in respect of buildings constructed in contravention of condition (3).

(12) In the event of the voluntary relinquishment of the land by the grantee, no compensation shall be payable for any improvements that may have been effected or for works that may have been executed on the land by the grantee but the grantee shall be entitled to the repayment of any amount that may have been paid to the Government for the grant or the value of the land at the time of relinquishment whichever may be less.

(13) Full land revenue shall be levied if at any time any net income is derived from the land or if any of the conditions of alienation are infringed. In the latter case, the land revenue shall be levied from the date of infringement. The decision of the Collector on the question whether a net income is derived from the land or not shall be final.

(14) The Government reserve to themselves the right to all sandalwood trees and their branches and roots which exist at the time of alienation as well as those which may grow subsequently on the land and the Government shall be at liberty to cut or dig out any such trees or their roots and branches and remove them from the land and dispose of them at their pleasure. The alienee shall not be entitled to cut or remove them or cause them to be cut or removed without the permission of the Collector of the District.

(15) The alienee shall take all reasonable measures to the satisfaction of the Collector of the District for the protection of the sandalwood trees from theft or damage and for the careful protection of the immature trees growing on the land.

P.T.O.

4

(16) The alienee shall take steps to see that the marks made by the officers of the Government on the sandalwood trees are preserved and are not tampered with; and

(17) In the event of infringement of or failure to observe any of the conditions (14) to (16) the alienee shall pay to the Government such compensation as is determined by the Collector of the District for any loss or damage caused by such infringement or failure on his part. The Government shall also be at liberty to resume the land and reenter on it and the whole land shall thereupon vest absolutely in the Government. In that case the alienee shall not be entitled to any compensation whatever.
